#### TITLING A REBUILT MOTOR VEHICLE/OBTAINING A VEHICLE IDENTIFICATION NUMBER PLATE

When you purchase a motor vehicle and a Salvage Certificate of Title has been assigned to you, you must have the vehicle examined by authorized law enforcement after you have completed the rebuilding process (see item four below). In some cases, the examination may reveal that your vehicle needs a new or replacement identification number plate. The requirements are outlined in this brochure.

You must submit the requirements outlined below before you can title your rebuilt vehicle. The new certificate of title that issues in your name will be designated as "Prior Salvage" on the face of the title. If you have any questions regarding the information outlined in this brochure, please call (573) 526-3669.
